

RWSI BITUMEN MOD. POLYURETHANE

Description

Rwsi Bitumen Modified Polyurethane is a one-part coal tar free bitumen modified, moisture curing polyurethane membrane. After curing it provides a tough highly elastomeric, impervious barrier to moisture. Suitable for application by brush, roller or towel.

Uses

- Waterproofing of masonry walls foundations and basements.
- Waterproofing roof lap slabs, balconies, and courtyard.
- Waterproofing under to terrazzo paving and quarry.
- Waterproofing bathrooms, laundries and wet areas prior to tiling.
- Waterproofing planter boxes.

Features

- Coal tar free.
- One Part Polyurethane (no mixing).
- Early access for following trades.
- Brush, roller or towel applied.
- Does not brittle with age.
- Exhibits tenacious adhesion to masonry.
- None re-emulsifying.

Technical Data

Color:	Black
Appearance:	Smooth black paste, brushable, rollable
Shore "A" Hardness:	30
Elongation:	700%
Peel Strength:	3-6kg/cm ²
Moisture Vapor Transmission:	1.412 g/hr/ft ²
Cure Time:	24 hrs.
Flammability:	Non-flammable
